

News from Our Missionaries ~ June 07

John Savage - Israel

John has sent word that he may need surgery on a herniated disc when he comes home in July and asks that we be in prayer with him concerning this.

He is in need of a better vehicle, perhaps a Volvo station wagon or Dodge Caravan, something that he can use to transport his keyboard. He is trying to sell his present car.

He feels that what happened with Lebanon may cause Israel to go to war with Syria and Iran, as they are going door-to-door collecting old gas masks that will be replaced with newer ones.

John requests prayer for his finances as he has lost a major supporter that is experiencing hard times and asked that we pray for this person.

If you would like to get in touch with John, his phone number in Israel is: 011 972 2 671 2723.

Bob & Sara Phillips - Roatan, Honduras

The Phillips report that the Hospital Project is going well. They hope that the roof will go on in the next few weeks. Two large teams were scheduled to go over the last week of May and the first week of June. They will also possibly get the sheet rock on and painted.

Bob & Sara ask for prayers for protection, safety and cooler temperatures as the weather is extremely hot and dry in Roatan.

Jody & Joanna Counts - Malaysia

Their project is going well & they have found a place for their ministry.

George & Jane Meyers - Calvary International

George & Janet send their sincere thanks to their CRC Family for the regular monthly support that keeps them going in their mission work.

Janet sent word that they have just returned to Jacksonville, FL. after two weeks with their daughter's family in California. The occasion was their granddaughter, Amy's wedding. Janet said it was a grand event and she was happy to take charge of the cooking and housework so their daughter could focus on wedding issues.

They pray that God will continue to bless the ministry of Christian Renewal Church.

George & Edilma Gonzales - Amazon Xpeditions Outreach, Int.

George & Edilma have recently secured the rental of a house for the training center. It is large enough to house their **three training programs starting in September:**

1. **For Indian youth and single mothers**, training in Clothes Design, Cosmetology, Computers, English, etc.
2. **For United States Bible School students** -

a ten week internship training in practical missions, with Christ for the Nations.

3. **For the local pastors in the Amazon and for graduates from local Bible Institutes**—a higher level of education as an extension of Logos Christian University.

Please pray for the one time investment funds of \$4,600 needed to reodel and furnish this house. These funds will be adjusted on the monthly contract.

Contact Amazon Xpeditions.com or call 1-972-293-3889 if you wish to take a step of faith to go and change lives in the Amazon.

The Children's Feeding Program is servicing 530 children at three feeding stations. As their main financial supporter has been lost, they must cover a deficit of \$600 per month to continue. They plan to start a chicken coop with 100 chickens to provide at least one egg per week for each child. The cost of the building, feeders and chicks will be \$1,900.

The Yavari Project is moving along with native Tikuna Missionaries evangelizing other natives. The government is hostile toward missionaries and refusing permission to foreigners. One has received permission to build two clinics which are already being used to teach "divine healing."

Pray that in this way they can reach the remaining nine tribes (the other two tribes now have three congregations between them). The amount of \$12,500 will move this along. Please be in prayer for this need.
